During the month of December, one-hundred and three Fire Safety Inspections were conducted by the WTES Bureau of Fire Prevention as crews complete the annual inspection cycles. One of those Inspections revealed “dangerous conditions” that required the issuance of an Imminent Hazard order and/or the evacuation of the premises due to a sprinkler activation. One Fire Safety Permit was issued during the month. Fourteen Certificates of Smoke Alarm / Carbon Monoxide Alarm / Portable Fire Extinguisher Compliance were issued as part of the Bureau of Fire Prevention’s Resale and Rental Compliance program. Two Fire Investigations were required during the month of December within Westampton Township. Both Investigations have been closed as Accidental. Two Fire Safety complaints were investigated during the month of December with violations of the New Jersey Uniform Fire Code and/or Westampton Township Ordinance issued.

Two Code Enforcement complaints were investigated within the Township this month with numerous certified letters sent and requiring DPW and PD assistance. Two OPRA requests were fulfilled in December. Bureau staff covered several shifts and responded to various calls for service due to manpower shortages throughout the month as the Department participated in numerous holiday events. A new Fire Code has been adopted and will be promulgated early in 2024.

LT Westdyk is conducting Rental/Resale Inspections. LT Iannacone, FF/EMT Vallery, FF/EMT Engle, FF/EMT Washick, FF/EMT Boduroglu, and FF/EMT Richartz continue conducting annual fire inspections and their associated reinspection’s as required by the New Jersey Division of Fire Safety.

Subject: December 2023 Department Report

Roads

Brush: Brush collection will not take place in the months of November and December. Collection will start on January 2, 2024.

Street Repairs: There are some issues with dead/ dangerous trees along Third Steet in Rancocas. I am currently working with PSE&G to produce a scope of work. This will be scheduled and taken care of by PSE&G. **(Update) *This job was put on hold till a decision can be made by the council, some concerns were voiced by residents over the lack of protection from Rancocas Rd. As soon as a decision is made, I will follow up with an update.*** The scope of work will involve trimming of some trees and the removal of others depending on the amount of trimming needed. The head of the project for PSE&G is a registered master arborist with the state and is a well-versed expert in the proper care and maintenance of trees. I have been in contact with him on this project numerous times discussing the issues with the decaying and unhealthy trees along that tree line, we are on the same page with what needs to be done. Rest assured there has been a lot of discretion in deciding the proper course of action to protect the primary power wires feeding Rancocas Village and the safety of the public. The township is working on a plan for restoration of the tree line. This plan will provide the necessary protection from Rancocas Road and enhance the beauty of the historic Village of Rancocas.

We have received a quote from the engineer for repair of the storm drain on Tuliptree and Dogwood Drives. The engineer and Solicitor are currently working on the legal and planning stages of the project, and it is moving forward for completion. Hopefully, by the next report I will have a start date for this.

DPW is working through the town addressing sinkholes and minor road repairs. If you have any sinkholes or bad areas that need to be addressed, please reach out.

Arawak paving has started the repairs on Greenwich Drive however the project won't be completed till early spring because of the onset of cold weather. Please see the attached statement from the general manager of Arawak paving Mike Cresenzo:

Please be advised that milling and paving operations along Greenwich Drive have been postponed until the Spring of 2024 due to the onset of colder weather. Currently, concrete and drainage improvements are complete along with preliminary restoration. Arawak will return before December 31, 2023, to complete final restoration ahead of the winter season. These measures include additional base pavement installation/ramping and landscaping. Residents will be notified before paving operations resume in the spring.

Should there be any questions in the interim, please feel free to reach out. Arawak wishes everyone a safe and happy holiday season!

We are also looking to put out for bid the following roads for completion early Spring next year. The list includes Wills Avenue, the section of 3rd Street from Olive Street to the Circle, East Stokes Rd, and lastly the Municipal parking Lot, which hasn't been done since the building was built.

With the uptick of social media posts these days about concerns within the township this is a good opportunity to re-introduce everyone to Gov-pilot. The Township has in place a very effective way to voice your concerns and problems. This gives the residents in this town the opportunity to send their concerns directly to the offices that it affects (Public Works, Code Enforcement, etc.) in turn this gives the Township a direct line of solid communication and correct information to you, the resident. I can also be reached via phone 609-267-1891 ext. 114 or email ctaylor@westampton.com.

The residential side of Govpilot is live and ready to use either via the link on the Township website or a mobile application. If you would like to report via mobile app., go into your apps. Store and lookup GovAlert and download the application. The Tutorials were placed on the Township Facebook page if someone would like to access them.

The link to "Report A Concern" is on the township website. We encourage residents to use this link for their needs in the township. All the concerns are now routed directly to the departments that they are designated. The link can be found at

www.westamptonnj.gov Residents will still be able to call directly 609-267-1891 and report their needs and concerns as well.

Recycling: A normal flow of requests for new cans and lid repairs continues. **We have new cans in stock, THE COST IS 60\$ AND MUST BE PAID AT THE MUNICIPAL BUILDING BEFORE DELIVERY.** We are fine with lid replacements and will continue to service those requests in a timely fashion.

Leaf Collection: Leaf collection wrapped up throughout the town on 12-29-2023 with a total of 3891 cu. yards of leaves being collected and a total of 1512-man hours were used this leaf season. December's total collection was 1,291 cu. yards of leaves and 768-man hrs. being expended. I do have to make a correction for last month, the wrong number of man hours was reported in November. The correction is as follows, we picked up 2,600 cu yards of leaves and used 768-man hours to complete this task, not 744 man-hours as stated last month.

Leaf collection for the season is complete and will no longer be picked up curbside. If residents have leaves they want to dispose of, they can bag them and place them at our drop-off located in the Municipal Lot next to the recycling dumpsters. Residents, we encourage the use of eco- friendly paper bags, this helps cutdown on labor by the department and disposal of plastic bags since the paper gets composted with the leaves. Spring Leaf collection will take place in April 2024.

Westampton DPW would like to thank Roger Winner from Sunnyside farms in Westampton for all the support you give to the township in taking our leaves. Also, I would like to thank Steve from Specca Farms for your support in this as well. All leaves are composted and used for fertilizer in the farmers' fields.

Grass: Grass season has wrapped up for the season.

Snow: The question of the 2023-2024 season: Will it snow? To give you an answer, I don't know but we are ready! The DPW has gone over our equipment, and everything is prepped and ready to go. As you all know we have received 2 new pickups and a new dump truck for deployment this year. This should result in less breakdowns and more efficiency in removal.

Facilities

Municipal Building: N/A

Sports complex\Parks: I just got word that we received a small tree grant for the parks and that we can pick them up next month. This grant was offered to the communities

by the Burlington County Bridge Commission back in May. The trees were picked up and are being put in storage to be placed this Spring.

Spring Meadows: The upgrades to the half court Basketball court and Tennis Court will take place tentatively in the Spring of 2024.

The DPW has placed underground drainage around the play area to combat the leaching of rainwater. The site has been rough graded but will not be finish graded and seeded till spring.

Rolling Hills/ Rolling Hills East: Westampton Township is proud to announce that a grant for \$45,000 was procured from the State for the replacement of the park. We will keep you informed as progress continues.

Tarnsfield Park: N/A

DPW Building: N/A

Firehouse: The week before Christmas the DPW got an emergency call that the building had a sewage back-up after hours. An emergency plumber was called in to clear the sewer main. The building was brought back online the next morning. Roots were found after a video inspection took place. DPW will address the section causing problems in the near future.
