WESTAMPTON TOWNSHIP COMMITTEE MEETING

6:00 PM SPECIAL MEETING

May 31, 2017

DRAFT

The special meeting was called to order at 6:00 PM with all Committee members present.

Requirements of the Sunshine Law were read. This meeting was advertised in the Burlington County Times May 26, 2017. The flag was saluted and there was a moment of silence.

Roll Call:

Committeeman Lopez	Present
Committeewoman Smith-Hartman	Present
Committeewoman Teleisa	Present
Committeeman Wisniewski	Present
Mayor Daniels	Present

Al Marmero, Solicitor, was present.

Maria Carrington, Administrator, was present.

Public Comment on Agenda Items

Deputy Mayor Lopez made a motion to open the meeting to public on agenda items only, Seconded by Committeewoman Smith-Hartman, All in favor

Nancy Burkley - Regarding PILOT issues, Ms. Burkley is very concerned about the effect of PILOTs on schools. New developments bring school children which must be educated at the expense of taxpayers. Developers seek PILOTs so that they can offer rents at lower costs for low and moderate income. The Ingerman should have had their paper work in on time and not need an additional extension to the Redeveloper Agreement.

Jonathan Wright - Plea to put people over politics. Voting yes would put Westampton on a bad track and hurt Mayor Daniels' legacy. Ingerman had their chance and had their extension. We don't need to hand out corporate welfare.

Machell Pettis - Would civil rights be violated by not extending this agreement?

Gary Berberian - Regarding Resolution 83-17, the PDF on line was missing page 2. Administrator Carrington stated that she must have erred in the scanning and if this is noticed earlier, it could have been easily fixed. Mr. Berbarian asked about the Consent to Assignment and whether it would be executed tonight. Deputy Mayor Lopez and Solicitor Marmero summarized the need. The resolution tonight would authorize the

DRAFT

execution of the agreement. Regarding Resolution 82-17, Subsection 1 references Second Amendment, should read Third Amendment.

Gary Jacques - Has Westampton met its commitment for affordable housing? Are you harvesting votes for the Democratic Party by putting in a low and moderate housing developments. He thinks people are doing this for the wrong reason and should be ashamed of themselves. He is concerned about the motivation behind this. He will move if this goes through.

John Mumbower - Regarding Resolution 82-17, this will impact the schools. We need to do what is right for the township residents. He cares about what is going to happen this town. This deal and Project Freedom were not well negotiated. Woodmont is on the horizon too.

Jane Zalewski – Homewoner on Sharpless Boulevard since 1998 in a community that has all income levels. Why are we straying from home ownership? Her development works. There are a lot of long time homeowners there after 18 years. I am proud to have paid taxes and I wish people would think bigger and get mortgages.

Laurie Hustus – Schools are already bursting at their seams. We lost a chance to buy a new building and if we have to build a school then our taxes will go up more.

Carlos Camiero – This deal was negotiated several years ago. Please demonstrate your leadership. Westampton is great diverse community, but affordable housing is not a license to enter into bad deals. Think about your leadership. Please reconsider and renegotiate a bad deal.

Malcom Whitely – The last two years Westampton has been moving in a right direction; you didn't always agree, but you worked together. Now we are going back to rehash an old idea. Let it die...if it is a good deal for them where they will make money then they will be back and maybe with some picnic areas and other benefits for the community. There could be a lot more kids than estimated. He would rather see 2.5 million dollars going toward our schools then to a developer making money.

Andre Sutton – We seem to be building these developments in the same concentrated area. She is a mental health practitioner and it is not right to just open up communities without access to transportation and jobs. Sets people up for failure.

Elinor Broadbent – She agrees with everyone and does not want any higher taxes. Please keep your promises of looking out for the people of Westampton and not the big business guys.

Janet Curran - She is here because what she read in the newspaper. She is not a fan of affordable housing and rents at \$300 to \$1,200 is a lot of money. They have to buy utilities and food and clothes. People here in Westampton are already having a hard time getting by. We still don't have an answer on how much affordable housing we need to

DRAFT

have. These developers come in, make their money and leave. We are left taking care of these families. She has worked for years helping needy families and now there are so many we haven't been able to keep up. Our schools are already getting crowded. What will the future be if this development is allowed?

Anthony D'Errico - He read the agreement and past agreements. Stipulations say that there will be low income units but if they are not rented then they will be open to others. The numbers of children they expect in the school system doesn't add up. When he first came to Westampton, he researched the school system which is what most people look for. The bucolic neighborhood is slipping away and reducing the values of homes in the community. These are not luxury apartments. Do the right thing. He has not heard anyone say that this is a great deal and let's not move forward.

Juanita Smith - We are coming at a cross road of poor planning. We need to move in the right direction. She does social work. Let's look into affordable senior housing. Developments should provide appropriate support for the care and needs of the people. Cooperation and progress needs to continue.

John Mumbower - Negotiations were not done well. We should negotiate on behalf of our residents. Why don't Westampton residents get first crack at these houses? Why can't this housing be for our children who are graduating from college or for the elderly?

Closed to public comment.

Resolution #82-17, Tabled from 5/15/17 regular meeting:

Developer given the opportunity to speak to this issue. Attorney Peter Wolfson stated that he was here three to four years ago when we started this project. This resolution would be an extension of one month. First of all, Ingerman has not delayed the need for this extension. The cause of a prior engineer told them the property was in the sewer service area when it was not. Ingerman has had to work for months with the NJ DEP. There are legally binding and enforceable agreements in place on which Ingerman has spent hundreds of thousands of dollars. They asked the property to be evaluated as being in need of redevelopment by the Committee. Such a determination was made. A redevelopment plan was created. After the plan was adopted, Ingerman was named as the Redeveloper. The PILOT in this 100% affordable project rather than an inclusionary project. In an inclusionary project, the mixed levels pay for the lower units. When the project is 100% affordable, the PILOT is necessary for financing. Affordable units are required. Regardless, it is a benefit to municipalities for when 100% you get 2 for 1 credits. If this were 20% inclusionary project, there would be approximately 220 units. Ingerman and others have relied on the legally, enforceable documents. This development is a cornerstone of your fair share plan and the plans for this community gave Westampton immunity from builder's remedy suits. If we stop working toward the

DRAFT

plan, immunity would be stripped. They are now nearing the end of a four-year process. He is willing to answer any questions.

Committeewoman Teleisa asked if there is any way we can target the housing for Westampton residents such as college students coming home. State of NJ has complicated tax credit program. Is it impossible to change the character of the project in any way. The Ingerman development is good way to go forward with our fair share program. Existing regulations must be followed by Ingerman with regard to selecting tenants.

Deputy Mayor Lopez questioned Mr. Wolfson's statements regarding the sewer service area and whether the Township professional gave false information. He questioned the authenticity of this as the alleged false information was never mentioned in any emails in which extensions were requested. PILOTs are not needed for 100% affordable developments. Open space is sought after. He disagrees that Woodlane Road was in need of redevelopment. Immunity from builder's remedy has been provided because we have shown that Westampton embraces economic diversity. Ingerman is not a cornerstone project and that is evident when you heard a resident discussing the history of Spring Meadows tonight. We also have Rolling Hills and Project Freedom. Mr. Wolfson was accurate when he stated that Westampton has shown to be continuing working toward affordable housing. We are planning a meeting with our planner and other professionals to continue to do so. We want to go back to the drawing board to determine the right spots in town to build developments.

Attorney Wolfson thanks the committee for their assistance and information. An engineer's advice was rendered in the very beginning of this process and is not meant to disparage any current professionals. Although this development cannot be switched to a senior living, it doesn't mean that seniors can't live there.

Brad Ingerman, CEO - His firm is now working 105th affordable housing development. 50 in NJ. And some are in the most affluent areas of the state including Wall, Haddonfield, Woodbridge, etc. While he recognizes that affordable housing means \$20-50K it doesn't mean inferior housing. If you go to his other NJ properties, they are indistinguishable from luxury apartments. Our offices are in Collingswood NJ. We are proud of our track record. We do set aside money for social service support such as financial counseling and sources for other social service agencies to assist them in activities and transportation. Any time over the 25 years that we have been doing this, any Committee person can call him on my cell and he will get them answers. Regarding the engineer, 4-6 years ago the application to include areas of the town to be included in the sewer service area, DEP says that they commented on the application...and somehow the professionals and county/township people did not respond to the questions and the property had been dropped. This is why a subsequent year took place.

Mayor Daniels – asked whether there would be an impact on our school system and asked for an explanation on why cannot now renegotiate to help our school system.

DRAFT

Mr. Wolfson – The number of children has always been estimated at the same. Binding legal agreements that the State of NJ and other financial parties have relied upon so it is too late to renegotiate.

Mayor Daniels asked Solicitor Marmero about the requirement that Westampton has to donate land and what the impact would be if we do not authorize the extension. Would Ingerman be in breach of the agreement. Solicitor Marmero said that the earlier extension of the agreement requires that closing and construction financing be completed by May 31, 2017 so would be in breach tomorrow. We would put them on notice that they are in breach. There is a 90 day cure period. So once they receive notice, they have 90 days to cure breach. We would have to let them cure that breach.

Deputy Mayor Lopez asked about the land. The apartments are to be built on land owned by Hovanian who is to give the land to the township to give to Ingerman. Would the land would stay with Hovanian? Hovanian has already donated the land to the Township.

Deputy Mayor Lopez - Project could still go forward if we vote no on the extension.

Committeeman Wisniewski – Are we at risk of litigation if we vote no? Solicitor Marmero answered that he imagines so. He is not sure if it would be right away but the breach could affect financing. Committeeman Wisniewski stated that he came in with an open mind. He wants the facts to make a decision. He trusts the solicitor's opinion.

Deputy Mayor Lopez - There is a time and a place. The time for asking question is over. It is the time to make decisions which is the fiduciary duty of officials.

Committeeman Wisniewski – He is not going to go back and forth with someone who doesn't know him or what he did. He spoke with the Solicitor before today. He wants to give the public all the information he has. He is asking his questions again so the public hears the same information what he did.

Deputy Mayor Lopez – Legal matters and litigation should only be discussed in executive session.

Solicitor Marmero states that there could be litigation.

Mayor Daniels - Could Ingerman lose the financing? Solicitor Marmero states that they would have to disclose the reason for being in breach, and it could upset the entire process.

Mr. Ingerman – In anticipation of closing in the next two weeks, he has reread all of the legal documents including loan documents of \$12 millions. There are warranties and certification. He has to sign certifying that there is no known or current breach or grievance affecting these transactions, and as such he may not be able to sign. It may not be impossible to close transaction while in breach, but there would be hurdles. This is not a situation where you miss this year, and you can come back next year. The financing that

DRAFT

is currently secured for this development is at no cost to the township, besides social; there is no direct cost or subsidizing. Only 6 projects a year get this type of financing and now, in the current area, municipalities are scrambling to get these tax credits, but they may not be available in the future. Things have changed in the award process so it unlikely to get BC money and there would no trust fund money. Land donation was a way to get financing so that was a hurdle.

Motion made by Committeeman Wisniewski to adopt Resolution 82-17, seconded by Committeewoman Teleisa.

Deputy Mayor Lopez – Thanked Ingerman for choosing Westampton. He was born and raised in Section 8A and it was 100% affordable housing. He is not anti-affordable housing. He is the son of a minister and not against helping others. He is the first one in his family to own a home. He is doing his job by reading thousands of documents. He is just reporting what he is reading. Things that should have been discussed out in the open. The executive sessions of the past were illegal so the committee is now hosting only open sessions unless certain restricted topics need to be raised. We don't know what the number of units are that we need. School numbers have been much higher for Project Freedom than originally estimated and include a special education student and one out of district placement. He is working on an initiative where we can turn foreclosed homes into affordable housing units. He has proposed an ordinance in line with what Jersey City passed last month that states that all affordable housing should first go to current residents. He wanted this opportunity for residents last year, but was told it was illegal. He urges his colleagues to follow their oath to put people over politics.

Committeeman Wisniewski – He doesn't like the location or the agreements. He would have loved to be a part of these negotiations, and he agrees with most of the concerns raised by the residents. But he is going to vote yes, because he believes the project will go forward anyway and does not want to risk litigation.

Committeewoman Smith-Hartman – She was not here when this agreement was negotiated, but she believes District 1 is over saturated. She feels bad for Ingerman and would love to see the development elsewhere. She is also concerned about the impact on the schools.

Committeewoman Teleisa - We have a binding legal agreement and exposure to litigation. She regrets that we didn't consider the development being designated for senior housing. We did this years ago because of the need to address the COAH affordable housing issues. We have obligations for affordable housing. Many towns have tried to avoid and others are trying to be proactive. We chose a developer. We need to move forward so that the developments were not dictated by others on us. The numbers of actual students in other Ingerman communities were actually lower than projected. We need to follow our legal obligation.

Mayor Daniels – He is realizing the American dream. Affordable housing is hand up. A few years ago he was not the elected official that he is today. He wishes they had

DRAFT

negotiated a better deal. They were looking at numbers that were offered to us with regard to affordable housing. He is sensitive to the need and aware of a constitutional requirement. He could have done more back then. No matter what happens here tonight, the applicant has stated that they will attempt to go forward. He agrees with Deputy Mayor Lopez that there were some representations that were made to us that may not have been accurate. He agrees with the Westampton First initiative. He is concerned with young residents who cannot move back to Westampton because it is cost prohibitive. He agrees that home ownership is a way to grow communities. There is some testimony that this is being done for a political reason, he disagrees and it was never for that reason. This is going forward. And another bite of the apple would be great, but this is a legally enforceable agreement. If his political career is over next Tuesday, then so be it.

Deputy Mayor Lopez and Committeewoman Smith-Hartman voted no, Committeewoman Teleisa, Committeeman Wisniewski and Mayor Daniels voted yes.

New Business

Resolution #83-17, Authorize Execution of a Consent to Assignment Agreement for Block 203, Lots 1.03, 2 & 3: Moved by Deputy Mayor Lopez, Seconded by Committeewoman Teleisa, Deputy Mayor Lopez and Committeewoman Smith-Hartman voted no, Committeewoman Teleisa, Committeeman Wisniewski and Mayor Daniels voted yes.

The meeting was opened to the public for comment.

Jonathan Wright – He is disappointed about the vote on Resolution 82-17. Why not vote no and let them go through cure process. Hopefully next January we have two new forward thinking people on Committee. Our school is bursting at the seams. Our special education needs help. We are going to need another school. I love Westampton. My son is going to go to kindergarten in a few years. You mess with my kids and I am out.

Eleanor Broadbent - If they were to sue us, how much would this cost to litigate. Solicitor Marmero said that he is unable to answer. But this community is also going to cost us \$15 million so fighting the litigation would probably have been less.

Janet Curran – She is very disappointed. You need to overlook the past and someone could have made a difference tonight and we are going to pay for it.

Machell Pettis – She has lived here for a long time. Your hands were tied and behind your back. The bottom line is if you went into litigation, we would have had another lawsuit. We already have Carty lawsuit, thanks to Maybury and Chang. When we talk about schools and how much it costs to educate a special education, not that her kids go to private schools but she still pays \$12k in taxes due to owning two properties. A community takes on the responsibility. It takes a village.

Gary Berberian – He appreciates everyone's passion. Don't be discouraged.

DRAFT

John Mumbower – The people who spoke tonight about the costs to educate children did not intend to stigmatize special needs children, rather the statements were meant to highlight the costs and how the PILOT will not be close to what the costs are. Our township did not do a good job in negotiating.

Anthony D’Errico – He wanted to address Ingerman represents. They probably don’t have low income housing near their homes. We don’t know COAH numbers. We don’t have an obligation to build affordable housing. We don’t want them at all. Do not pursue turning over foreclosed homes. The statement that towns are scrambling to get this financing is not correct. Each municipality should be masters of their own destiny. It is time for this group to step up. If it means getting involved in a lawsuit then so be it. It will show outside companies that Westampton demands honest and fair treatment.

Frank (last name unintelligible) – He is new to the community but grew up here. He was in the army. Maybe he doesn’t understand because he is new, but if we voted no they were going to get the financing anyway. So if you voted no, there would have been a chance for them to renegotiated. The lawsuit would have been cheaper to deal with then the cost of them building. He is curious about the logic behind voting for this. I feel Ingerman was threatening the township a little bit.

Closed to public comment.

Closing comments.

Committeeman Wisnieski – His decision was based on the threat of litigation. If we could fight and win, he would have been on board, but there is a legally enforceable agreement. If we lost we would be paying. He took the advice of counsel.

Deputy Mayor Lopez – He had tears in his eyes tonight. We can’t keep doing this. He is trying to help people and we keep making the same mistakes. He has mastered the formula of the past: Phase 1: Lie to residents about developments; Phase 2: State that I could have done a better job if I had known what I know now; Phase 3: we may get sued. They may not have sued us. They may have come back to renegotiate the deal. There is always a potential for a lawsuit. There has been one solicitor that negotiated all of these deals: George Saponaro. I won’t get into the discussion of litigation. Who negotiates a contract with lifetime benefits? Local Strategies LLC is owned by Jason Carty and who incorporated it? George Saponaro!

Mayor Daniels – He has been extremely patient to let everyone speak. He believes the Deputy Mayor went clearly off topic and that is fine if that is what he wants to do. He owns his vote. He clearly stands in the middle, independently, by himself. He respects all who were here tonight. He loves this community. Thanks all of the Township Committee. Ultimately the public will decide who sits up here and he is okay with that. Just because Deputy Mayor Lopez disagrees with him doesn’t mean that he is wrong. It’s always the right time to do the right thing. He has to live with his vote. At the end of the day, maybe

DRAFT

no one won tonight. If you get to the point that only if you agree with me the you a good American and person... who does that? No person should be set upon just because they have a right to their vote. Let the voters decide next Tuesday. Perhaps I will be retiring on December 31st. The salacious charges against him are awful to have his children read. And when they found out that they are not true, who supported me? The beauty of democracy is ability to agree or disagree without becoming adversarial.

There were no further comments and the meeting was adjourned.

Respectfully submitted,
Maria Carrington, Deputy Municipal Clerk

Public Comments on agenda items

Nancy Burkley – asked about the Ikea Drive ordinance; she wanted to know who owns the land where Ikea drive is located on. Ikea owns it. She asked if we take it over, what are we getting in return for the headaches we will inherit by taking the road over. Mayor Daniels said it is a quality of life and safety issue. She asked if Ikea will pay us to take over the road and take care of it and asked if they would ask for a reduction in taxes since they would own less land; Mayor Daniels answered that he could not speculate on this. She thinks this is something that Dolan and Ikea should work out between themselves; the residents won't be using this road. All the truck traffic has torn up Rancocas Road; she is opposed to taking over the road, it won't benefit safety and will cost us more money since we have to plow it.

DRAFT

Gary Berberian, 138 Winstead Drive – asked where the monthly reports were. Clerk Marion Karp answered that department reports are submitted one meeting a month, the second meeting. He asked about the ordinances and if the Committee was aware that we would need to repeal parts of another ordinance.

John Mumbower – asked about the Ikea Drive dedication; he wants to see them provide a long term maintenance plan; he hopes the Committee looks at this long term in order to mitigate the township resident's costs.

Paul Schuritzel, legal counsel to Ikea – the entity that owns the property is incorrect in the ordinance and needs to be corrected; he didn't have the chance to look it over beforehand.

Janet Curran – asked about the Blue Jay Hill Road deed resolution. She asked what was going on with this. Administrator Maria Carrington stated that we purchased this in conjunction with the Green Acres program; we have to demolish the house and decommission the well and septic system in order to receive our Green Acres funds by June 15th. She didn't know about any future Timbuctoo plans. Ms. Curran then asked about Ordinance 5-2017; this is dealing with the Ingerman development. Solicitor Al Marmero explained that under NJ law it is required with the transfer of public property.

Mr. Lopez – asked when the Blue Jay Hill property was purchased; Al Marmero explained that it was purchased last year. Mayor Daniels explained that this property was going to be used for overflow parking for the Timbuctoo site. He really wants to know what the plan of action is for the Timbuctoo site.

Vernita Jones – asked who takes care of the Ingerman property in the interim. The grass is extremely tall on the lot where the house is; Maria Carrington would talk to the property owner.

Lori Hustus – asked about the land transfer with Ingerman; Al Marmero explained that it hasn't been transferred yet; in order for the transfer to take place this ordinance needed to be passed. She wondered why it wasn't done way before now.

Mr. Lopez – the redevelopment agreement was adopted back in 2014; his concern is that we are gifting the developer land that is worth about \$720,000. This was an important piece of information that the Committee should have had before last week.

Gary Jacques – asked if the land has been assessed. He is calling for the resignation of the people who are responsible for this. He thinks George Saponaro should be sued for this; it is a ridiculous mess.

Tom Dolan – is concerned with the Ikea Drive dedication and why the Township is getting involved in this. Mayor Daniels explained that it was for safety concerns. He thinks Ikea and Dolan should take care of it together and it should remain a private road

DRAFT

like Indel Drive; we shouldn't be involved at all. He is also very concerned with the new super Wawa coming in and the effect it will have on traffic.

Mike Dolan – explained that he built Ikea Drive and Ikea paid for it. He wants the residents to understand. NJ State law requires that every lot front on a public road. All of the residents front on a public road and they aren't required to take care of it. Upon completion, the intention has always been for the road to be dedicated. Over the years, it never got taken care of. Fronting on a public road actually gives more value to a building. It provides for a public road. This is catching up on old business.

Gary Barbarian – asked what a semipublic road is, as referenced in our ordinance. The portion of Ikea Drive from Springside to the big stand of trees was accepted back in 1993; the next portion was delayed and it kept getting delayed over the years and it was never dedicated.

Machell Pettis – asked if a recent traffic study was done. She asked about 21 Blue Jay Hill Road; the purchase was to help with parking overflow. She is on the Timbuctoo Committee, they meet once a month and this issue is currently on their agenda. She welcomed Mr. Lopez to review their minutes or attend a meeting. He has been asking for a plan of action for at least 6 months now and hasn't received any information. She informed Mr. Lopez that Carolyn Chang has resigned from the Committee since their last meeting.

Gary Jacques – asked why the Westampton Historic Society wasn't involved in the Timbuctoo project which they started and dedicated. They should be involved now; it is a very important site.

Nancy Burkley – is it true that we are already committed to the Ingerman deal? Mayor Daniels answered that this was indeed correct. Mr. Lopez hasn't seen a contract that states we must give the land that we got from Hovnanian to Ingerman. Some residents had thought that it would be a better deal to sell the land and pay the 5%; however, this was not the case.

Lori Hustus – asked if there is paperwork transferring title from Hovnanian to Westampton Township. She asked why Hovnanian gave us the land. Mayor Daniels stated that he believed this was tied to the Woodmont Development but later found out this was not the case and that both stood on their own merit. Mr. Lopez commented that his understanding is that Woodmont was going to build 456 luxury apartments and that only 14 apartments would be low and moderate income units which were clearly not enough. The developers negotiated their own terms and came up with an exchange whereby the projects were unofficially tied together in that the affordable housing burden would be shifted onto Ingerman, who would build 72 all affordable units. His only beef with this is that District 1 shoulders the burden of all the affordable housing in the Township where he believes it should be shared between all Districts.

DRAFT

Ms. Teleisa – Woodmont is in trouble and the land is being foreclosed on, what we originally planned to do is no longer going to happen. It wasn't 14 apartments; it was 27 apartments.

Mr. Lopez – read the September 8, 2015 Township Committee minutes aloud. He wondered how the developer was being given credit for 100 units of affordable housing when they were only going to build 28 units in their project and the other 72 units were being built on Woodlane Road.

Juanita Smith – is at a loss without a visual as to where Ikea Drive exits onto Springside Road. She asked if there was a goal to get a light installed here; she personally lost a friend in the accident there. Springside Road is a County Road and they would be the ones to have jurisdiction over this according to Mayor Daniels.

Resolutions

84-17 Payment of Vouchers – motion to approve by Mr. Lopez; seconded by Ms. Teleisa. All voted yes.

85-17 Refund Taxes, Block 905, Lot 1 – motion to approve by Mr. Lopez; seconded by Mr. Wisniewski. All voted yes.

86-17 Chapter 159, Clean Communities Grant – motion to approve by Ms. Teleisa; seconded by Mr. Lopez. All voted yes.

87-17 Chapter 159, Bullet Proof Vest Grant – motion to approve by Ms. Teleisa; seconded by Mr. Lopez.

88-17 Resolution in Support of the FOP Awareness Initiative – motion to approve by Mr. Lopez; seconded by Ms. Smith-Hartman. All voted yes.

89-17 Authorize Execution of Deed, Block 604, Lot 3 – motion to approve by Mr. Lopez; seconded by Mr. Wisniewski. All voted yes. Mr. Lopez asked if you could get out of Green Acres restrictions; Solicitor Al Marmero answered that you could but it is an arduous process. Mayor Daniels explained that the Township wanted this area to remain as undeveloped and open. There was talk about using one of the houses as a museum to house Timbuctoo artifacts.

DRAFT

Ordinances

4-2017 Ordinance Authorizing Acceptance of Ikea Drive (first reading) – Solicitor Al Marmero stated that they could discuss the scope of work required; this should be taken into account before they vote on the first reading. Township Engineer Doug Johnson stated that they are standing by their recommendation that Mike Dolan mill and overlay the entirety of Ikea Drive before the Township will accept it. Motion to table the ordinance was made by Ms. Teleisa; the motion was seconded by Mr. Wisniewski. Mr. Lopez is in favor of this; he wants to make sure the Township receives it in brand new condition and will be good for 15 years. They would hold a workshop meeting to discuss this.

5-2017 Ordinance Authorizing Sale of Block 401, Lots 2.01 & 8 (first reading) – motion to approve was made by Ms. Teleisa; the motion was seconded by Mr. Wisniewski. Ms. Teleisa, Mr. Wisniewski and Mayor Daniels voted yes, Mr. Lopez and Ms. Smith-Hartman abstained.

Correspondence

Mt. Holly Municipal Utilities Authority – rate hearing 7/13/17, 6 PM. They are planning to raise rates again. If residents want to be heard, they should attend this hearing.

Dates to Remember

Tuesday, June 6, 9 AM - Tree dedication for fallen State Trooper Sean Cullen at the Cinnaminson Post Office, 2496 Route 130.

Wednesday, June 7, 7 PM – Land Development Board Meeting

Saturday, June 10 – Fishing Tournament for all ages at Iron Works Park presented by the Recreation Departments of all RVRHS sending districts. Registration form available from the Recreation page of our website.

Sunday, July 16, 9 AM – Tarnsfield Swim Club's 1st Annual Bill McGee Memorial Masters Swim Meet

Open to public Comment

Lori Hustus – wishes the Committee was all on the same page

Karen Turner – has just started attending meetings again, now she remembers why she stopped. She thinks the town hall meetings are a good idea; she attended last week's meeting but she isn't sure why those issues were revisited again tonight. Water is

DRAFT

stagnant near the Sherwood Lane drainage areas; she wants to make sure something is done. Mosquitoes have been a problem lately.

Mr. Lopez – we need to have the Township engineer look at the problem and made a motion to do so, with approval from the entire Committee. Mr. Wisniewski spoke with Mike Meenan, all the ditches need to have trees removed and they are trying to stay on top of it. He would like to come by and speak to Ms. Turner along with Mr. Meenan. Mike Meenan didn't want the engineer involved unless he would evaluate every single drainage ditch in the Township. Mr. Lopez decided to withdraw the motion.

Tom Dolan – asked for more clarification on the Woodmont project.

William Allen – has attended a lot of meetings but has never seen one where such grandstanding has taken place.

Mr. Velasco, 73 Fieldcrest Drive – was under the impression that Freedom Village was supposed to be just disabled vets and then it became just regular affordable housing. Freedom Village brought in many more school children than what the developer told the Township; the same will happen with Ingerman. They should be planning for 60 new students, not for 20.

Ms. Graham, 35 Tarnsfield Road – wanted to know what the reason was for the developer not honoring his affordable housing obligation numbers. She thinks this was directly related to the Virtua deal. If developers want to come into the township, make them contribute.

Jane Phillips, Spring Meadows – spoke regarding a problem at Spring Meadows

John Mumbower – the state will come in and look once a developer starts and give the school an estimate. Mt. Holly MUA needs to be watched, other towns have had issues. Let's get some representation; our water bills are pretty high.

Mr. Velasco – asked if there is a possibility of more low income housing in District 1. Mayor Daniels answered no.

Janet Curran – asked why the Committee voted yes. She would rather have a lawsuit. She thinks voting yes was a big mistake.

Roslyn Lockley – this is her first Township meeting. She is bewildered, surprised and appalled. This won't be her last meeting, she will be back. She hopes her opinion of her elected officials will improve.

Juanita Smith – is concerned that there is so much negativity.

Comments from Department Heads

No further comments were made.

Committee Members Comments

John Wisniewski - apologized to everyone tonight, they were here for a very long time and weren't very productive.

Ms. Teleisa – feels that the departments were slighted tonight, thanks for protecting the town and the residents.

Mr. Lopez – thanks to all the new residents for coming out tonight.

There were no further comments and the meeting was adjourned at 10:55 PM.

Respectfully submitted,

Re: Thank you - Congressman Tom MacArthur Town Hall Meeting

On behalf of the Director Gregory Rucker, the Willingboro Township Police Department and the residents of this municipality, I want to extend our sincere thanks for your agency's support on May 10th during our town hall meeting featuring Congressman Tom MacArthur.

On May 4th, 2017 our Patrol Division Command Staff, Director Rucker, and Burlington County Undersheriff Norcross met to review the security plan for the event. We were fortunate to have contact with multiple organized protest groups who initially advised the expected number of peaceful protestors might reach about 50 people.

Following the passage of the American Health Care Act (AHCA) in the US House of Representatives, a swell of social media backlash erupted against Congressman MacArthur due to his involvement.

By May 9th, the same protest groups who contacted us to predict a possible group of 50 people had amended their estimates to close to 1000 protestors from multiple states. Realizing our limited number of officers would not be adequate to respond to a crowd of that size, especially if the protest escalated into violence, we had no choice but to ask for support from our extended law enforcement family.

Thanks in large part to your willingness to assist us with this large event, we were able to safely deploy officers to protect the protestors and act as a deterrent to any potential unrest. I am extremely grateful to report that this event did not devolve into violence like so many protests we see nationally and internationally. In fact, even with an estimated protest crowd at 1500 at its peak, we did not have to make a single arrest, nor eject a single person inside or outside of this event.

Thank you sincerely for your assistance, and please reach out to us any time we may be of support to you.

Chief Otto,

Officer Gable was just here to take a police report for a car break in here overnight. I just wanted to tell you she was extremely polite and professional. She was awesome. I know you guys probably get lots of complaints, but I think it's important to tell you when your officers are doing a good job. Thanks for all that you guys do.

Respectfully yours,

MEMBER OF CONGRESS
THIRD DISTRICT, NEW JERSEY

Dear Westampton Police Department,

I wanted to take this opportunity to thank you for your service and professionalism at my Town Hall Meeting at the Kennedy Center in Willingboro on May 10th. Your presence ensured the safety and well-being of myself, my staff, and each and every member of the public who came to the event. The Westampton Police Department always can be relied upon for ensuring safety, but in the current times of so much controversy and disagreement, I am extremely appreciative to be able to count on officers like you.

I am honored to represent constituents like all of you, who have dedicated your careers to helping and protecting others and I will continue to advocate for our men and women in blue in Congress. I thank you all for your service and wish you nothing but the best in the future. If ever I can be of any assistance, please do not hesitate to contact me at 856-267-5182.

Sincerely,

May 2017 Fire Official's Report

Fire Inspections Conducted	18
Fire Safety Permits Issued	3
Imminent Hazards Ordered	1
Fire Investigations Conducted	7

During the month of May, eighteen Fire Safety Inspections were conducted by the WTES Bureau of Fire Prevention. One of those Inspections revealed "dangerous conditions" that required the issuance of an Imminent Hazard order and an evacuation of the premises. The Imminent Hazards was rectified within twenty-four hours as required. Three Fire Safety Permits were issued during the month of May for events. Seven Fire Investigations were necessary within Westampton during the month of May; six of those investigations were closed and the seventh referred to WTPD. One Fire Safety complaint was investigated with violations of the New Jersey Uniform Fire Code cited.

FF/EMT Knott assisted the Burlington County Fire Marshal's Office and the New Jersey Division of Fire Safety with a Fire Investigation within Willingboro Township this month.

FF/EMT Knott attended the monthly meeting of the Burlington County Fire Marshal's Association with NJ Division of Fire Safety staff providing updated information on the new Fire Code being written and new regulations including that of Carbon Monoxide Detection being required in all businesses.

Reflective marking of the fire hydrants in town has begun as we continue to work with the water departments for better maintenance and access. The last of the 2017 Non-Life Hazard Use and Permit Invoices have been mailed out and are beginning to come in.

Request for Release of Performance Guarantee
Preliminary and Final Major Site Plan
Block 202, Lot 4.01
Westampton Township, Burlington County, NJ
Our File: HWAL0202.02**

Dear Ms. Karp:

In accordance with the Applicant's request for release of the performance guarantee posted for the above referenced project, our office has reviewed the file and conducted a field observation of same. Based on our observations, it appears the site improvements have been satisfactorily completed.

Subject to verification, the builder has posted the following Performance Guarantee with the Township:

– Performance Bond.....\$278,208.00

Based on the above, our office has no objection to the release of the performance guarantee posted for this project upon the posting of a 2-year maintenance guarantee in the amount of \$34,776.00 and payment of any outstanding escrow fees.

We trust this is the information you require at this time; however, should you have any questions or comments, please do not hesitate to contact this office.

Very truly yours,

OF WESTAMPTON TOWNSHIP**

ORDINANCE 5-2017

WHEREAS, the Township of Westampton (the "Township") owns property known as Block 401, Lots 2.01 and 8 on the Tax Map of Westampton Township (the "Property"); and

WHEREAS, the Property is located in a Redevelopment Area and is subject to a Redevelopment Plan; and

WHEREAS, pursuant to the New Jersey Local Land and Buildings Law, N.J.S.A. 40A:12-13(b)(5) and the Local Redevelopment and Housing Law, N.J.S.A. 40A:12A-1, et seq. (the "Laws" or "Law"), Seller, as a municipality governed by the Law, has the legal right to convey real property to LIHTC, LLC (the "Buyer"), without the need to put the Property up for sale through a public bidding process because the Property is located in a Redevelopment Zone and subject to a Redevelopment Plan; and

WHEREAS, all ordinances of the Township of Westampton which are inconsistent with the provisions of this Ordinance are hereby repealed to the extent of such inconsistency; and

WHEREAS, if any subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be unconstitutional or invalid in any Court of competent jurisdiction, such decision shall not affect the remaining portions of this Ordinance; and

WHEREAS, this Ordinance shall take effect upon final passage, approval, and publication, as required by law;

NOW, THEREFORE, BE IT ORDAINED by the Mayor and Township Committee of the Township of Westampton, County of Burlington, State of New Jersey, that the Township is authorized to sell the Property to Buyer for the nominal consideration of One-Dollar (\$1.00) subject to the terms of the Redevelopment Agreement between the parties which calls for transfer of the Property as the required Local Contribution; and

BE IT FURTHER ORDAINED that the Mayor, Township Administrator and/or other appropriate Township officials are hereby authorized to take all actions necessary to complete this transaction.

TOWNSHIP OF WESTAMPTON

AN ORDINANCE AUTHORIZING THE SUBMISSION TO THE VOTERS OF THE TOWNSHIP OF WESTAMPTON AT THE GENERAL ELECTION ON NOVEMBER 7, 2017 A PROPOSITION AUTHORIZING AN EXTENSION OF THE ANNUAL LEVY AT THE RATE OF \$0.02 (2 CENTS) PER \$100.00 OF ASSESSED VALUE OF REAL PROPERTY FOR THE CONTINUATION OF THE WESTAMPTON OPEN SPACE PRESERVATION FUND AS PERMITTED BY N.J.S.A. 40:12-15.7, FOR A PERIOD NOT EXCEEDING TWENTY YEARS

ORDINANCE NO. 6-2017

WHEREAS, *N.J.S.A. 40:12-15.7* permits the governing body of a municipality to submit to its voters a proposition authorizing the imposition of an annual levy for the following purposes:

- (a) Acquisition of lands for recreation and conservation purposes;
- (b) development of lands acquired for recreation and conservation purposes;
- (c) maintenance of lands acquired for recreation and conservation purposes;
- (d) acquisition of farmland for farmland preservation purposes;
- (e) historic preservation of historic properties, structures, facilities, sites, areas or objects, and the acquisition of such properties, structures, facilities, sites, areas or objects for historic preservation purposes; or
- (f) payment of debt service on indebtedness issued or incurred by a municipality for any of the purposes set forth in paragraphs (a), (b), (d), or (e) hereinabove; and

WHEREAS, the Township Committee of the Township of Westampton did, in 1999, make a decision to request the opinion of the voters of the Township of Westampton concerning the creation of a “Municipal Open Space Recreation and Farmland and Historic Preservation Trust Fund”; and

WHEREAS, the voters of the Township of Westampton did overwhelmingly pass the 2-cent tax called for in the 1999 referendum for a period not to exceed twenty years; and

WHEREAS, the period covered by the 2-cent tax expires in 2020; however, the need for the tax levy continues; and

WHEREAS, the Township Committee of the Township of Westampton has become aware of increasing development pressures on land in Westampton Township and is interested in continuing the acquisition of open space if the voters of the Township desire the Township to continue such acquisitions; and

WHEREAS, the Township continues to experience an increase in the value of undeveloped land; and

WHEREAS, the Township Committee wishes to submit to the voters of the Township at the general election on November 7, 2017 the referendum question set forth hereinbelow to continue the 2-cent annual levy for the purpose of continuing to acquire property or to pay the cost of bonding on the indebtedness incurred for the purpose of acquiring such property for a period not exceeding twenty years starting in 2021.

NOW, THEREFORE, BE IT ORDAINED by the Township Committee of the Township of Westampton, County of Burlington and State of New Jersey, as follows:

1. Pursuant to *N.J.S.A.* 40:12-15.7, the Township Committee of the Township of Westampton, Burlington County, New Jersey, places the following referendum question on the general ballot for consideration by the voters of said Township on November 7, 2017:

TOWNSHIP OPEN SPACE BALLOT MEASURE

- YES** Shall the Township of Westampton extend, for a period not to exceed twenty (20) years, the “Municipal Open Space, Recreation and Farmland and Historic Preservation Trust Fund” previously created in 2000 and continue to annually levy an additional two cents per one hundred dollars (\$0.02 per \$100.00) of assessed real property valuation for the acquisition of lands for conservation and/or recreation, improvement of such acquired lands, or for the payment of debt service for such acquisition or improvement purposes, and annually appropriate that revenue for these purposes?
- NO**

INTERPRETIVE STATEMENT

This referendum will provide to the Westampton Township governing body sentiment of the voters concerning the continuation and enhancement of the “Westampton Open Space, Recreation and Farmland and Historic Preservation Trust Fund.” The fund will be used exclusively for the acquisition of land for open space preservation, historic preservation, parks and recreation through the property’s outright acquisition or the acquisition of development rights. All monies levied shall be deposited into the “Municipal Open Space, Recreation and Farmland and Historic Preservation Trust Fund,” and such monies may not be used for any other purpose whatsoever. The monies in this trust fund may not be used for administrative expenses, office supplies, equipment, personnel costs and the like. As this is a continuation of the annual open space

tax levy that was put into place in 2000, owners of property would not be assessed any more than they are now currently for open space preservation.

2. The Burlington County Clerk is hereby requested to print the above question and interpretative statement on the official ballot for the Township of Westampton for the general election to be held on November 7, 2017.

3. A certified true copy of this ordinance, upon its adoption and publication as required by law, shall be furnished by the Municipal Clerk to the Burlington County Clerk's Office and the Superintendent of Elections so that said referendum question can be placed on the general election ballot for November 7, 2017 for the voters of the Township of Westampton.

4. If any action, paragraph, subdivision, clause or provision of this ordinance shall be adjudged invalid, such adjudication shall apply only to the section, paragraph, subdivision, clause or provision so adjudged and the remainder of the ordinance shall be deemed valid and effective.

5. All ordinances or parts of ordinances inconsistent with or in conflict with this ordinance are hereby repealed to the extent of such inconsistency.

6. This ordinance shall take effect upon final passage, adoption and publication according to law.

NOTICE OF PUBLIC HEARING

PROPOSED AMENDMENT 17-1

to the

BURLINGTON COUNTY

DISTRICT SOLID WASTE MANAGEMENT PLAN

NOTICE IS HEREBY GIVEN that the Burlington County Board of Chosen Freeholders (the "County") will conduct a public hearing to consider adoption of a proposed amendment to the District Solid Waste Management Plan ("District Plan"). The hearing will be held on Wednesday, August 9, 2017 at 7:00 p.m. in the Freeholders Board Room, County Administration Building, 49 Rancocas Road, Mount Holly, New Jersey, and will continue until such time as all comments by those attending have been heard.

The purpose of the hearing will be to review the proposed amendment, to hear all interested persons, and to consider any and all written objections and supporting evidence that may be introduced as part of or prior to the oral hearing.

The proposed amendment may be summarized as follows:

R.E. Pierson Materials Corporation has requested that the District Plan be amended to include the site of a Class B recycling facility at Block 702, Lots 32 and 33 (1300 Union Landing Road) in Cinnaminson Township. The applicant proposes to accept a maximum of 1,500 tons of concrete per day for processing into recycled aggregate for a variety of construction applications.

In addition to the public hearing, an informal public information meeting will be held on Tuesday, June 20, 2017 at 7:00 p.m. in the courtroom of the Cinnaminson Township Municipal Building, 1621 Riverton Road, Cinnaminson, New Jersey.

The proposed amendment is intended to amend the existing District Plan only as reflected therein. Copies of the proposed amendment may be inspected at all public libraries within Burlington County and the Clerk's Office of every municipality within the County. Copies of the approved District Plan were previously transmitted to all Burlington County municipalities and public libraries and may be inspected there. An electronic version of the District Plan is available on the Solid Waste page of Burlington County's website at www.co.burlington.nj.us. The District Plan, the proposed amendments, and the record upon which they are based may be inspected upon appointment at the Department of Solid Waste in the Rutgers EcoComplex, 1200 Florence-Columbus Road, Bordentown, New Jersey. Appointments can be made by calling (609) 499-1001.

All written comments, objections and supporting evidence pertaining to the proposed amendment must be filed by 12:00 noon on Friday, August 4, 2017. Comments should be directed to the Burlington County Board of Chosen Freeholders, 49 Rancocas Road, Mount Holly, New Jersey 08060. Final action by the Board on the proposed amendment may occur on August 9, 2017 at the earliest.

Final action by the Board on the proposed amendment may occur on August 9, 2017 at the earliest.

PROPOSED AMENDMENT 17-1
TO THE
BURLINGTON COUNTY
DISTRICT SOLID WASTE MANAGEMENT PLAN

CLASS B RECYCLING CENTER
R.E. PIERSON MATERIALS CORPORATION
CINNAMINSON TOWNSHIP, NEW JERSEY

I. PURPOSE AND AUTHORITY.

The Burlington County Board of Chosen Freeholders has been petitioned by R.E. Pierson Materials Corporation ("Pierson" or "Applicant") to amend the District Solid Waste Management Plan (the "District Plan") to incorporate a proposed Class B Recycling Center. The New Jersey Solid Waste Management Act, N.J.S.A. 13:E-1 et seq., as amended, rules and regulations promulgated thereunder, N.J.A.C. 7:26-1.1 et seq., and guidelines issued by the New Jersey Department of Environmental Protection ("DEP") require that all recycling centers be consistent with the solid waste management plan of the district in which they propose to locate prior to commencement of operation.

II. BACKGROUND.

DEP regulations generally define a recycling center as a facility designed and operated solely for receiving, storing, processing or transferring source separated recyclable materials. The regulations further distinguish recycling centers by the type of recyclable materials that are received, stored, processed or transferred. N.J.A.C. 7:26A-1.3. Class B recyclable materials are defined to include, among other things, source separated, non-putrescible, waste concrete, asphalt, brick, block, and wood waste, source separated whole trees, tree trunks, tree parts, tree stumps, brush and leaves provided that they are not composted, and source separated debris from construction and demolition operations. N.J.A.C. 7:26A-3.1(a) requires that, prior to receipt, storage, processing or

Burlington County for an amendment to its District Plan to include Block 702, Lots 32 and 33 as the site of a recycling center for Class B recyclables.

Pierson is using a crushing plant consisting of a jaw crusher and an impact crusher, a portable screening plant and front-end loaders at the recycling center. Pierson has obtained Certificates to operate the equipment under a General Permit from the New Jersey Department of Environmental Protection. Although the permits do not include any limitations regarding noise generation, the operation of equipment at recycling centers must comply with the New Jersey Noise Control Regulations set forth at N.J.A.C. 7:29-1-2. The New Jersey Noise Control Regulations limit the sound permitted to be emitted from a facility as measured at the closest residential property line.

III. AMENDMENT.

If, following consideration of comments received during the public review period, this proposed amendment is adopted by the Burlington County Board of Chosen Freeholders, it shall be incorporated into the District Solid Waste Management Plan at Section VI.A.5.b. The text of the proposed amendment is as follows:

A. Facility Owner.

R.E. Pierson Materials Corporation
1300 Union Landing Road
Cinnaminson, New Jersey 08077

B. Facility Type.

The proposed facility is a recycling center for Class B recyclable materials.

C. Facility Location.

1. Location Map - see attached map.

2. Capacity – No more than 1,500 tons of concrete and asphalt may be received on a daily basis.

3. Contaminants – The maximum amount of contaminants allowed in each load shall be limited to 1% by volume. The term contaminants shall mean any material that is not included in the approved recyclable materials list identified in condition 1 of this section. Incidental by-product materials adhered to the Class B recyclable materials shall not be considered to be contaminants, such as rebar in concrete.

4. Sources of Recyclable Materials – Approved Class B recyclable materials will be delivered to the facility by R.E. Pierson Construction Company, other contractors and construction companies, county and municipal road and public works departments and the general public.

5. End Products and Markets – Products to be generated include size reduced concrete and asphalt. The concrete aggregate and crushed asphalt will be used for a wide variety of construction applications such as road and sidewalk construction and pavements. The various products will be stockpiled on-site in designated areas prior to back haul or sale and delivery to end market customers.

6. Equipment – The following equipment will be used for site operations:

a. A scale to determine the weight of material delivered to and removed from the facility;

b. A crushing plant consisting of one jaw and one impact crusher;

c. A portable screening plant; and

incorporated in the District Solid Waste Management Plan at Section VI.A.5.b and the existing site plan map shall be amended to reflect the location of the transfer station/material recovery facility.

This Amendment is intended to modify only those portions of the approved District Plan specifically addressed herein. All previously approved provisions which are not inconsistent with this Amendment shall remain in full force and effect.

Re: Increasing New Jersey's Recycling Rate

Dear New Jersey Mayor,

This year marks the 30th anniversary of the enactment of the New Jersey Statewide Mandatory Source Separation and Recycling Act, which made New Jersey the first state in the country to require residential, commercial and institutional recycling.¹ Over the past 30 years, New Jersey has made significant progress in reaching the goal set in the Recycling Act of recycling 50 percent of municipal solid waste, but we are not yet there. With your help, we believe we can reach – and surpass – that goal.

As you know, New Jersey municipalities are required (in part) to:

- Designate a municipal recycling coordinator who will report annual recycling tonnages to the Department and who has completed professional certification pursuant to the municipal recycling ordinance (7:26A-11.1(a));
- Adopt an ordinance establishing a recycling program sufficient to achieve the designated recovery targets set forth in the district recycling plan and that includes, but is not limited to the below (7:26A-11.1(b)):
 - Require generators of municipal solid waste to source separate from the municipal solid waste stream, in addition to leaves, the recyclable materials designated in the district solid waste plan
 - Set standards for the placement and temporary storage of all recyclable materials in all new multi-family housing developments
 - Specify the municipal official(s) that shall enforce the ordinance
- Conduct a review and make necessary revisions to their master plan and development regulations which shall reflect changes in Federal, State, county and municipal laws, policies and objectives concerning the collection, disposition and recycling of designated recyclable materials at least once every 36 months (7:26A-11.4(c));
- Provide for a collection system for the recyclable materials designated in the applicable municipal recycling ordinance as may be necessary to achieve at least 50% of the municipal solid waste stream (MSW) and 60% of the overall waste stream to be recycled and reported as being recycled (7:26A-11.4(a); (13:1E-99.13));

¹ N.J.S.A. 13:1E-99.11 et seq., which was signed into law in 1987 and which has been codified into rules (in part) at N.J.A.C. 7:26A-11.1. Hereinafter applicable requirements from N.J.S.A. 13:1E-99.11 and N.J.A.C. 7:26A-11.1 are collectively referred to as 'requirements'. Please see statute and rules for all requirements.

- Submit a recycling tonnage report to the NJDEP between January 1 and April 30 of each year that captures all residential, commercial and institutional recycling sector tonnages for the previous calendar year (7:26A-11.2(a));
- Notify all persons occupying residential, commercial and institutional premises within its municipal borders of local recycling opportunities, and the source-separation requirements of the municipality's recycling ordinance at least once every six months (7:26A-11.3);
- Ensure all generators of solid waste are source separating the materials included in the municipal recycling ordinance (13:1E-99.16(b)), and;
- Ensure all commercial and institutional generators report their annual recycling tonnage amounts to the municipality they are located within (7:26A-10.3).

Failure to do so may result in:

- Reduction in grant monies awarded to municipalities from the Recycling Enhancement Act;
- State audits of recycling reporting records and grant awards.

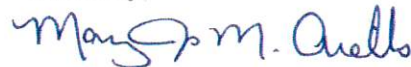

DEP encourages each municipality to work with their respective County Recycling Coordinator through their Municipal Recycling Coordinator in this effort. Such efforts may include joining up with county-wide recycling programs or conducting a county-wide or municipal recycling education campaign or enforcement blitz.

DEP requests your assistance in increasing New Jersey's recycling rate by ensuring that your municipality complies with all requirements. DEP is also specifically encouraging your Municipal Recycling Coordinator to ensure that commercial/institutional generators including schools, hospitals and multi-family housing locations in your municipality are source separating mandated recyclable materials and reporting same as appropriate.

Should you have any questions regarding this information, please contact your County Recycling Coordinator, listed at http://www.nj.gov/dep/dshw/recycling/recycling_coordinators.pdf.

Thank you for your attention to and efforts to assist New Jersey in increasing the rate of recycling in our State. Together, we can reach the goal.

Sincerely,

Mary Jo M. Aiello, Director
Division of Solid and
Hazardous Waste
